Nakon svečanog predavanja 15.3.2015. godine, na 64. Kongresu Američkog koledža kardiologa, San Diego, SAD, formiran je 34. Ogranak Američkog koledža kardiologa za Srbiju i Republiku Srpsku, čiji je prvi guverner postao Prof. dr Milan A. Nedeljković.

*After inaugural lecture, on March 3 2015, during 64<sup>th</sup> ACC Congress in San Diego USA, the 34<sup>th</sup> ACC Chapter for Serbia and Republic of Srpska was established, with Professor Milan A. Nedeljkovic as a first governor.*

Poštovane kolegice i kolege, dragi prijatelji,

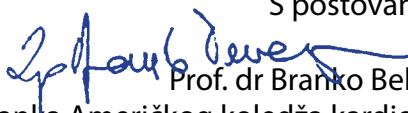

Zadovoljstvo mi je da Vas pozdravim i poželim dobrodošlicu na Sedmom kongresu 34. Ogranka Američkog koledža kardiologa za Srbiju i Republiku Srpsku, koji se održava 25-26 marta, 2022. godine, ovoga putu na Zlatiboru, tradicionalnom mestu održavanja kongresa kardiologa i to u formi potpunog povratka i prisustva publike u kongresnim salama i nadamo se postepenog završetka pandemije.

Kao što Vam je poznato, ovaj kongres okuplja kardiologe Srbije i Republike Srpske i posebno nam je zadovoljstvo da posle Trebinja, ove godine kolege iz Republike Srpske možemo da pozdravimo i ugostimo u Srbiji, na Zlatiboru. Kongres će za teme imati poslednje preporuke Evropskog i Američkog kardiološkog društva kroz predstavljanje najvažnijih poruka i promena, uz naglasak na sličnosti i razlika između preporuka. Naučni program će činiti 7 celina koja obuhvataju najnovije ESC preporuke iz 2021. godine (preventivna kardiologija, valvularne mane, elektrostimulacija srca, srčana slabost) i ACC/AHA preporuke iz 2021. godine (bol u grudima, miokardna revaskularizacija) uz sesiju o kardiovaskularnim aspektima i potencijalnim komplikacijama post-COVID stanja. U materijalu kongresa smo pored prvog broja časopisa UKS *Srce i krvni sudovi* za ovu godinu gde će biti predstavljeni radovi saopšteni na ovom kongresu, pripremili i 3 prevoda ESC džepnih preporuka iz 2021. godine, dok će prevod kompletnog teksta Preporuka za srčanu slabost biti dostupan u sledećem broju časopisa *Srce i krvni sudovi*.

Zahvaljujem se Predsednici UKS Prof. Anastaziji Stojšić Milosavljević, predsednici UKRS prof. Tamari Kovačević Preradović na podršci i saradnji u organizaciji kongresa, svim farmaceutskim kućama i kompanijama za proizvodnju medicinskih sredstava koji su pomogli organizaciju kongresa, kao i osoblju hotela Palisad koji su još jednom učinili prijatnim organizaciju kongresa.

Želimo Vam kvalitetan naučni i stručni program kongresa i prijatan boravak na Zlatiboru.

S poštovanjem,

Prof. dr Branko Beleslin

Predsednik - Guverner 34. Ogranka Američkog koledža kardiologa  
za Srbiju i Republiku Srpsku

*Dear colleagues, dear friends,*

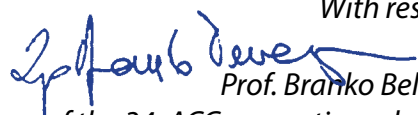

*It is my pleasure to greet you and welcome you to the Seventh Congress of the 34. ACC Consortium Chapter for Serbia and the Republic of Srpska, which will be held on March 25-26, 2022, this time on Zlatibor, a traditional venue for a congress of cardiologists, in the form of a complete return and the presence of the audience in the congress halls and hopefully a gradual end of pandemics.*

*As you know, this congress brings together cardiologists from Serbia and the Republic of Srpska, and we are especially pleased to greet and host in Zlatibor colleagues from Republic of Srpska after successful last years congress in Trebinje. Congress will focus on the latest ESC and ACC guidelines through presentation of the most important messages and changes in the recommendations, with emphasis on similarities and differences between recommendations. The scientific program will consist of 7 sessions including the latest ESC recommendations from 2021 (preventive cardiology, valvular heart disease, cardiac pacing, heart failure) and ACC / AHA guidelines from 2021 (chest pain, myocardial revascularization), and a session on cardiovascular aspects and potential complications of the post-COVID condition. You will find in congress materials the first issue of the journal UKS Heart and Blood Vessels with articles presented at this congress, as well as 3 translations of the ESC 2021 pocket guidelines, while the translation of the full text for Heart failure guidelines will be available in the next issue Heart and Blood Vessels.*

*I would like to thank the President of Cardiology society of Serbia Prof. Anastasia Stojisic Milosavljevic, president of Cardiology society of Republic of Srpska prof. Tamari Kovačević Preradović on the support and cooperation in the organization of the congress, to all pharmaceutical companies that helped organize the congress, as well as the staff of the Palisad Hotel who have once again made the organization of the congress pleasant.*

*We wish you a good scientific and professional congress program and a pleasant stay at Zlatibor.*

*With respect*
